Group-06

AD-1 (Department module)

- **Work till now:-**
  In this module for students as a user we have created the frontend that shows the working of different departments and various other functionalities like filing complaints for a particular department and other things as shown and implemented in screenshots.
- **Work in progress:-**
  Adding functionality for admin and faculty as a user also new functionalities for filing a special request will be added.

- **UI_Screenshots:-**

  - **Student as a user:-**

About Us   Facilities   Faculty   Students

Complaint to Department

SHUBHAM GUPTA   CSE

Our Mission :

The mission of the Computer Engineering Department is to provide educational programs that would encourage students to read critically, reason analytically, communicate persuasively, apply professionally and prepare them to excel in the field of computing.

Our Vision :

The vision of the Computer Engineering Department is to recognize itself as renowned department in the field of technical education in Computer Engineering and strives to carry out the superior level of research based on the quality, innovation and excellence; with the help of its stakeholders viz. the students, research scholars, faculty members, the support staff and the alumni.
